

Simplified Integrated Payments within INxSQL Software

INxSQL remains committed to providing the latest technology, upfront pricing, and intimate support to our customers. That's why we've teamed up with Wind River Payments to bring a feature-rich, integrated payments program with superior customer support to INxSQL customers.

LATEST TECHNOLOGY: Wind River designed our payment integration utilizing the best of breed in technology to ensure the needs of our customers are fully met.

CLEAR, FAIR PRICING: You will receive competitive, transparent pricing with no hidden fees, creeping rates, or surcharges. Plus, no contracts are required by Wind River.

DEDICATED SUPPORT: You will have your own assigned relationship manager who will take the time to get to know you and your business. They will be your single point of contact to answer your questions and provide any support you may need.

TRUST AND STABILITY: For over 25 years, Wind River's business has centered on integrity and doing the right thing for its customers, employees, and the community. This commitment is exemplified by an industry-leading customer retention rate of over 90%.

PAYMENT SECURITY: Wind River has simplified the PCI security requirements to reduce your risk of a breach and to eliminate any monthly non-compliance fees you may currently be paying.
